1 EXT. NIGHTMARE HEADQUARTERS, KALI'S LAB - NIGHT

SYREN slowly walks up to the door of KALI's lab while looking around. She knocks on the door.

SYREN
(Raising her voice)
Kali? I'm looking for Mister Meatloaf,
have you seen him around?

No response comes from behind the door.

SYREN
Are you in there?

Syren puts her head against the door, leaning in closer to listen. Doing this, the door swings open under the pressure, making Syren almost lose her balance but she regains it. With the door now open, Syren cautiously looks inside.

2 INT. KALI'S LAB - NIGHT

Multiple duplicates of Mister Meatloaf are all over the lab, swinging their tails. Kali creeps up on Syren from behind while Syren's looking inside with a baffled look.

KALI
No accesssssss!

Syren jumps in surprise and turns around with a shocked look. Kali leans in and closes the door behind Syren, making Syren dodge. Syren regains her composure and looks at Kali with her mouth slightly open.

SYREN
(Apprehensive tone)
Kali... Were those clones of Mister
Meatloaf?

KALI
(Opens her mouth to talk but stays
silent for a moment)
...No?
